Sarytogan Graphite Limited
Financial Report
For the Year Ended 30 June 2022

DIRECTORS' REPORT

Sarytogan Graphite Limited (the "Company" or "Sarytogan") is a public company incorporated and domiciled in Australia and listed on the Australian Securities Exchange on 18 July 2022.

The directors of the Company present their report on the Company for the year ended 30 June 2022.

The names of the directors in office at any time during, or since the end of the year are:

NAMES	POSITION
Mr Stephen Penrose	Non-Executive Chairman (Appointed 29 November 2021)
Mr Sean Gregory	Managing Director (Appointed 25 January 2022)
Dr Waldemar Mueller	Technical Director (Appointed 29 November 2021)
Mr Brendan Borg	Non-Executive Director (Appointed 29 November 2021)
Mr James Richardson ⁽¹⁾	Managing Director (Resigned 29 November 2021)
Mr Paul Finkelstein ⁽¹⁾	Non-Executive Director (Resigned 29 November 2021)
Mr Guy Le Page ⁽¹⁾	Non-Executive Director (Resigned 29 November 2021)

(1) Directors who have been in office since the start of the financial year.

COMPANY SECRETARY

Mr Ian Hobson – B. Bus FCA ACIS MAICD (Appointed 5 July 2021)

Mr Hobson is a Fellow Chartered Accountant and Chartered Secretary with 15 years of experience as Company Secretary of ASX listed companies. Mr Hobson is also Company Secretary of Predictive Discovery Ltd, Decmil Group Ltd, Province Resources Ltd, Novatti Company Ltd, Dubber Corporation Ltd and VRX Silica Ltd.

PRINCIPAL ACTIVITIES

During the financial year, the principal activity of the Company was working towards listing on ASX, completing a capital raising and finalising the acquisition of Ushtogan LLP, which holds the Sarytogan Graphite Project in Kazakhstan.

OPERATING RESULTS FOR THE PERIOD

The consolidated loss of the Company for the financial year after providing for income tax amounted to \$1,846,189 (2021: \$215,704). This was largely from administration costs and costs associated with listing the Company on ASX.

Sarytogan Graphite Limited
Financial Report
For the Year Ended 30 June 2022

REVIEW OF OPERATIONS

Corporate

During the financial year, the Company completed the following matters which were approved by shareholders at the annual general meeting on 30 June 2021 in preparation of the Company listing on the ASX:

1. Completed the 25:1 share and option consolidation.
2. Completed a Placement to Seed Investors (including all directors) and issued 10,100,000 shares at \$0.10 per share with a free attaching option to raise a total of \$1,010,000 to fund the costs of the proposed listing on ASX. The options are exercisable at \$0.25 cents each and expire on 30 November 2024.
3. Issued 1,080,000 fully paid ordinary shares to directors in lieu of director fees accrued to 30 June 2021.
4. Entered into the joint Lead Manager Mandate with RM Corporate Finance Pty Ltd and Inyati Capital Pty Ltd.
5. Issued 3,280,000 fully paid ordinary shares to nominees of RM Corporate Finance Pty Ltd in consideration for assignment of the Term Sheet.
6. Changed the Company name from PME Biofuels Ltd to Sarytogan Graphite Limited.

In addition, the Company undertook additional seed raisings as follows:

1. Issued 720,000 shares on 20 July 2021 at an issue price of \$0.04 per share for a total consideration of \$28,800.
2. Issued 3,500,000 shares and 3,500,000 options (free attaching) exercisable at \$0.25 cents each and expire on 30 November 2024, on 6 October 2021 at an issue price of \$0.10 per share for a total consideration of \$350,000.
3. Issued 6,250,000 shares on 12 May 2022 at an issue price of \$0.16 per share for a total consideration of \$1,000,000 together with 1,000,000 options exercisable at \$0.25 cents each and expire on 30 November 2024 in lieu of brokerage.

Further funding during the year was sourced by the Company, as borrower, entering into loan agreements for unsecured loans for a principal amount of \$800,000 to provide funding for working capital requirements and to meet expenditure requirements of Ushtogan LLP at the Sarytogan Graphite Project. These loans were repaid from IPO proceeds on 18 July 2022. The Lenders were issued 4,000,000 options exercisable at \$0.25 cents each and expire on 30 November 2024 in consideration for extending their loan terms in May 2022.

Sarytogan Graphite Limited
Financial Report
For the Year Ended 30 June 2022

DIVIDENDS PAID OR RECOMMENDED

No dividends were paid or declared since the start of the financial year. No recommendation for payment of dividends has been made.

FINANCIAL POSITION

The net assets of the Company have increased by \$886,571 from 30 June 2021 to 30 June 2022. This net movement is due to the undertaking capital raisings during the year providing an amount of \$1,881,896 after capital raising costs.

SIGNIFICANT CHANGES IN STATE OF AFFAIRS

No significant changes in the Company's state of affairs occurred during the financial year.

EVENTS AFTER THE END OF REPORTING PERIOD

The Company listed on ASX on 18 July 2022 following completion of acquisition of the Sarytogan Graphite Project and a capital raising of \$8.6m. Specifically, the following events have occurred subsequent to the year ended 30 June 2022:

- (i) Completing the acquisition of the Sarytogan Graphite Project via the acquisition of Ushtogan LLP;
- (ii) Closing the Offer pursuant to prospectus dated 23 February 2022 and supplementary prospectus dated 20 May 2022 to raise \$8.6m;
- (iii) Issuing the following securities in the Company to achieve (i) and (ii) above:
 - 42,500,000 Shares under the Offer at an issue price of \$0.20 per Share to raise \$8,500,000; and
 - 15,953,339 Options at an issue price of \$0.01 per Option to raise \$159,533.
 - 51,764,706 Shares and 14,117,646 Performance Shares to Ustar Ventures Ltd in consideration for 100% of the issued capital in Ushtogan LLP
 - 7,000,000 Shares to Ustar Ventures Ltd as reimbursement for expenditure of approximately USD\$1,000,000 incurred on the Sarytogan Graphite Project.
 - 800,000 Shares issued to Inyati Fund Pty Ltd and 800,000 Shares issued to RM Corporate Finance as a success fee;
 - 2,062,500 Shares issued to S3 Consortium Pty Ltd;
 - 2,000,000 Options to Sean Gregory exercisable at \$0.25 and expiring 30 November 2024;
 - 2,000,000 Options to Waldemar Mueller exercisable at \$0.25 and expiring 30 November 2024;
 - 2,000,000 Options to Stephen Penrose exercisable at \$0.25 and expiring 30 November 2024;
 - 1,500,000 Options to Brendan Borg exercisable at \$0.25 and expiring 30 November 2024; and
 - 6,000,000 Performance Rights to Sean Gregory.
- (iv) Repayment of loans of \$800,000 plus interest from the IPO proceeds. These funds had been borrowed by the Company during the year to fund working capital requirements and loans to Ushtogan LLP to continue exploration on the Sarytogan Graphite Project; and
- (v) Drilling continuing at the Sarytogan Graphite Project in Kazakhstan.

There has not been any other matter or circumstance arising after the balance date that has significantly affected or could significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial years.

ACQUISITION OF THE SARYTOGAN GRAPHITE PROJECT

The Company entered into an exchange agreement with Ustar Ventures Ltd on 29 June 2021 to acquire 100% of the participatory interests of Ushtogan LLP (**Exchange Agreement**). Ushtogan LLP owns 100% of the Sarytogan Graphite Project. The Exchange Agreement was subsequently varied by an addendum dated

Sarytogan Graphite Limited
Financial Report
For the Year Ended 30 June 2022

15 October 2021 and letters of amendment on 21 January 2022 and 21 February 2022. The material terms and conditions of the Exchange Agreement as varied are summarised below:

Consideration:

The Company has agreed to issue the following Securities in the capital of the Company to Ustar Ventures Ltd (or its nominees) in exchange for the participatory interests:

1. 51,764,706 Shares at a deemed issue price of \$0.20 per Share to be escrowed for a period of 24 months from the date of issue.
2. Three tranches of Performance Shares for a total of 14,117,646 Performance Shares in the capital of the Company, subject to following performance share milestones:
 - (i) Tranche 1: 4,705,882 Performance Shares subject to the completion of a feasibility study on the Project prepared by an independent competent person under the JORC Code, within four years of issuing this class of performance shares with an internal rate of return >25%. If this milestone is not achieved in the four-year period, the Performance Shares will expire on that date which is four years after their date of issue.
 - (ii) Tranche 2: 4,705,882 Performance Shares subject to the production of 50,000 tonnes of graphite ore within five years of issuing this class of performance shares at 20% TGC or greater (as verified by Sarytogan Graphite's auditors). If the milestone is not achieved in the five-year period, the performance shares will expire on that date which is five years after their date of issue; and
 - (iii) Tranche 3: 4,705,882 Performance Shares subject to production of 100,000 tonnes of graphite ore within five years of issuing this class of performance shares at 20% TGC or greater (as verified by Sarytogan Graphite's auditors). If the milestone is not achieved in the five-year period, the performance shares will expire on that date which is five years after their date of issue.
3. The Company entered into a 2nd side deed to issue 7,000,000 Shares to Ustar Ventures Ltd as reimbursement for expenditure of approximately USD\$1,000,000 incurred on the Sarytogan Graphite Project.

At completion, Ushtogan LLP has agreed to pay Ustar Ventures Limited a 3% gross revenue royalty payable for all minerals, metals and products recovered and sold from the tenement boundary comprising the Sarytogan Graphite Project.

SARYTOGAN GRAPHITE PROJECT

The Sarytogan Graphite Project comprises exploration licence 1139-R-TPI (1139-P-ТПИ) was issued to Ushtogan LLP on 14 August 2018 and confirmed by 5406-TPI (5406-ТПИ) contract on October 2018. The exploration concession covers 103.92 km².

CSA Global Pty Ltd was engaged by Ushtogan LLP to complete a maiden mineral resource estimate (MRE) for the Sarytogan Graphite Project. The MRE is based upon data obtained from 29 diamond core drill holes and 28 trenches which intersected the interpreted mineralisation. The mineralisation wireframes were modelled using a nominal lower cut-off grade of 17% Total Graphitic Carbon (TGC). This cut-off reflects a visually distinct occurrence of graphite reflecting a natural geological cut-off. This cut-off is further supported by statistical analysis of the grade population.

The MRE has been reported in accordance with the JORC Code (See Prospectus dated 23 February 2022). The MRE has been reported using a cut-off grade of 15% TGC and is shown below.

Sarytogan Graphite Limited
Financial Report
For the Year Ended 30 June 2022

Zone	JORC Classification	Tonnage (Mt)	TGC (%)	Contained Graphite ('000s t)
North	Inferred	159	28.8	46,000
Central		49	27.5	14,000
	Total	209	28.5	60,000

The recent results of further drilling were announced to ASX on 15 August and 19 September 2022. Drilling is continuing together with metallurgical test-work to provide a mineral resource update.

COMPETENT PERSON'S STATEMENT

The information in this report that relates to JORC estimates of Mineral Resources and 2021 Exploration Results was first reported in the Prospectus dated 23 February 2022 available at www.asx.com.au (released 14 July 2022). The Company confirms that it is not aware of any new information or data that materially affects the information included in the relevant market announcement and, in the case of estimates of Mineral Resources, that all material assumptions and technical parameters underpinning the estimates in the relevant market announcement continue to apply and have not materially changed. The company confirms that the form and context in which the Competent Persons' findings are presented have not been materially modified.

FUTURE DEVELOPMENTS

Likely developments in the operations of the Company and the expected results of those operations in future financial years have not been included in this report, as the inclusion of such information is likely to result in unreasonable prejudice to the Company.

ENVIRONMENTAL ISSUES

The Company's operations are subject to significant environmental regulations under the Commonwealth and State legislation in Australia and under local legislative authorities in Kazakhstan. The Board believes that the Company has adequate systems in place for the management of its environmental regulations and is not aware of a breach of those environmental requirements as they apply to the Company.

INFORMATION ON DIRECTORS

Mr Stephen Penrose

Non-Executive Chairman (Appointed 29 November 2021)

Qualifications

B.Com., L.L.B.

Experience

Mr Penrose is the managing partner of Tottle Partners, specialising in corporate and commercial litigation. He graduated from the University of Western Australia with a Bachelor of Commerce and a Bachelor of Laws and was admitted to practice in Western Australia in 1992. Mr Penrose acts for a broad range of commercial clients ranging from small family-owned businesses through to ASX-listed entities. His clients include mining companies, high-net-worth individuals, not-for-profit Companies as well as professional services firms. Mr Penrose is an experienced non-executive director having served on the boards of a number of listed companies. Mr Penrose is not currently a director of any other ASX listed companies at this time.

Mr Sean Gregory

Managing Director (Appointed 25 January 2022)

Qualifications

B.Sc.,(Geology), MBA

Experience

Mr Gregory is a seasoned mining executive with more than 20 years' experience in minerals exploration, development and mining in iron ore, lithium, cobalt, nickel, and gold in Western Australia and abroad. In the most recent 5 years, Mr Gregory has acted as CEO and/or at board level of listed ASX mining companies Kogi Iron Limited (ASX:KFE), Great Southern Mining Limited (ASX:GSN), and Greenstone Resources Limited (ASX:GSR). This built on an early career with BHP Company Limited (ASX:BHP), Murchison Metals Limited and Mineral Resources Limited (ASX:MIN) developing iron ore operations. Mr Gregory has a deep understanding of the minerals value chain from geology, exploration, metallurgy, feasibility studies, approvals, construction, mining, logistics, business improvement, technical marketing, economic evaluation and business development. Success in major project developments can be influenced by understanding the total project life cycle and by bringing diverse disciplines together. Mr Gregory's practical mining experience is well complemented by a strong academic background including a Bachelor of Science (Hons) in Geology (UWA), MBA (UWA), Advanced Mergers and Acquisitions Program (Melb Uni) and Corporate Company Directors Course Award (AICD).

29 November 2021	30 November 2024	\$0.25	7,500,000
13 May 2022	30 November 2024	\$0.25	5,000,000
			<u>12,500,000</u>

During the year ended 30 June 2022 no ordinary shares of Sarytogan were issued on the exercise of options.

Sarytogan Graphite Limited
Financial Report
For the Year Ended 30 June 2022

REMUNERATION REPORT (AUDITED)

REMUNERATION POLICY

It is the policy of the Company that, except in special circumstances, non-executive directors normally be remunerated by way of fixed fees, should not receive a bonus or options and should not be provided with retirement benefits other than statutory superannuation.

The Board, within the limit pre-approved by shareholders, determines fees payable to individual non-executive directors. The remuneration level of any executive director or other senior executive is determined by the Board after taking into consideration levels that apply to similar positions in comparable companies in Australia and taking account of the individual's possible participation in any equity-based remuneration scheme. The Board may use industry wide data gathered by independent remuneration experts annually as its point of reference. Options or shares issued to any director pursuant to any equity-based remuneration scheme require approval by shareholders prior to their issue. Options or shares granted to senior executives who are not directors are issued by resolution of the Board.

It is the policy of the Company that persons to whom options have been issued should not enter into any transaction in any associated product which is designed to limit the economic risk of participating in unvested entitlements under an equity-based remuneration scheme.

There are no schemes for retirement benefits, other than the payment of the statutory superannuation contribution for non-executive and executive directors.

All executives receive a base salary (which is based on factors such as qualifications, expertise, experience etc.), superannuation and fringe benefits and are eligible for the grant of options under the Employee Option Plan.

The Board policy is to remunerate non-executive directors at market rates for comparable companies for the time, commitment and responsibilities.

The fees payable to individual non-executive directors must be determined by the Board within the aggregate sum of \$300,000 per annum provided for under clause 14.8 of the constitution. That aggregate sum can only be increased with the prior approval of the shareholders of the Company at a general meeting. A non-executive director is entitled to a refund of approved expenditure and may also receive payments for consultancy work contracted for and performed separately on the Company's behalf.

The remuneration structure for executive officers, including executive directors, is based on a number of factors, including length of service, particular experience of the individual concerned, and overall performance of the Company. The contracts for service between the Company, Directors and executives are on a continuing basis the terms of which are not expected to change in the immediate future.

PERFORMANCE-BASED REMUNERATION

Performance based remuneration for key management personnel is limited to granting of options.

Sarytogan Graphite Limited
Financial Report
For the Year Ended 30 June 2022

REMUNERATION REPORT (AUDITED) (continued)

RELATIONSHIP BETWEEN REMUNERATION POLICY AND COMPANY PERFORMANCE

The remuneration policy has been tailored to increase goal congruence between shareholders, directors and executives. The issue of options in past years to the majority of directors and executives is to encourage the alignment of personal and shareholder interests. The company believes this policy will be effective in increasing shareholder wealth.

PERFORMANCE CONDITIONS LINKED TO REMUNERATION

The Company's remuneration of key management personnel does not include any performance conditions.

EMPLOYMENT DETAILS OF MEMBERS OF KEY MANAGEMENT PERSONNEL AND OTHER EXECUTIVES

The following table provides employment details of persons who were, during the financial year, members of key management personnel of the Company. The table also illustrates the proportion of remuneration that was performance and non-performance-based and the proportion of remuneration received in the form of options.

Key Management Personnel	Position held during the year ended 30 June 2022	Non-salary cash-based incentives	Options/Rights	Fixed Salary/Fees	Total
		%	%	%	%
Mr Stephen Penrose ⁽¹⁾	Non-Executive Chairman	-	83	17	100
Mr Sean Gregory ⁽²⁾	Managing Director	-	31	69	100
Dr Waldemar Mueller ⁽¹⁾	Technical Director	-	49	51	100
Mr Brendan Borg ⁽¹⁾	Non-Executive Director	-	84	16	100
Mr James Richardson ⁽³⁾	Non-Executive Chairman	-	-	-	-
Mr Paul Finkelstein ⁽³⁾	Non-Executive Director	-	-	-	-
Mr Guy Le Page ⁽³⁾	Non-Executive Director	-	-	-	-

⁽¹⁾ Stephen Penrose, Waldemar Mueller & Brendan Borg were appointed directors on 29 November 2021

⁽²⁾ Sean Gregory was appointed director on 25 January 2022

⁽³⁾ James Richardson, Paul Finkelstein & Guy Le Page resigned as directors on 29 November 2021. Paul Finkelstein resigned as company secretary on 5 July 2021

All non-executive directors are remunerated on a monthly basis with no fixed term or termination benefits.

Sean Gregory, Managing Director, was engaged by way of an employment agreement with an annual salary of \$360,000 plus \$25,000 superannuation and 6 months' termination notice period. Mr Gregory's commencement date as a director was 25 January 2022.

Waldemar Mueller, Technical Director, was engaged by way of an employment agreement with an annual salary of \$294,545 plus superannuation and 6 months' termination notice period. Mr Mueller's commencement date as a director was 29 November 2021.

KEY MANAGEMENT PERSONNEL SHAREHOLDINGS (CONTINUED)

⁽¹⁾ Resigned 29 November 2021

The options granted to members of key management personnel during the year were not dependent upon the performance of the Company's share price as part of their remuneration package.

Options were granted as remuneration during the year to key management personnel and other executives as set out in note 17.

END OF THE REMUNERATION REPORT

PROCEEDINGS ON BEHALF OF THE COMPANY

No person has applied for leave of Court to bring proceeding on behalf of the Company or intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or any part of those proceedings.

The Company was not a party to any such proceeding during the year.

NON-AUDIT SERVICES

The Board of Directors is satisfied that the provision of non-audit services by the auditor during the year is compatible with the general standard of independence for auditors imposed by *the Corporations Act 2001*.

Details of the amounts paid to the auditor of the Company for audit and non-audit services provided during the year are set out at note 18.

AUDITOR'S INDEPENDENCE DECLARATION

The auditor's independence declaration for the year ended 30 June 2022 has been received and can be found on page 39 of the financial report.

Sean Gregory
Managing Director

Sarytogan Graphite Limited

Notes to the Financial Statements

For the Year Ended 30 June 2022

1. Statement of Significant Accounting Policies

(a) Basis of preparation

This financial report is a general purpose financial report, which has been prepared in accordance with the requirements of the Corporations Act 2001, Accounting Standards and Interpretations and complies with other requirements of the law.

The financial report has also been prepared on a historical cost basis, except for equity investments, which have been measured at fair value. Cost is based on the fair values of the consideration given in exchange for assets.

The financial report is presented in Australian dollars and all values are rounded to the nearest dollar unless otherwise stated.

The company is a public company, incorporated and operating in Australia. The entity's principal activities are in Australia.

(b) Adoption of new and revised standards

Standards and Interpretations applicable to 30 June 2022

In the year ended 30 June 2022, the Directors have reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to the Company and effective for the current annual reporting period. As a result of this review, the Directors have determined that there is no material impact of the new and revised Standards and Interpretations on the Company and, therefore, no material change is necessary to the Company's accounting policies.

Standards and Interpretations in issue not yet adopted

The Directors have also reviewed all of the new and revised Standards and Interpretations that are relevant to the Company and that have recently been issued or amended but are not yet mandatory. As a result of this review, the Directors have determined that there is no material impact of these Standards and Interpretations on the Company and, therefore, no material change is necessary to the Company's accounting policies.

(c) Statement of Compliance

The financial report complies with Australian Accounting Standards, which include Australian equivalents to International Financial Reporting Standards (AIFRS). Compliance with AIFRS ensures that the financial report, comprising the financial statements and notes thereto, complies with International Financial Reporting Standards (IFRS).

(d) Critical accounting judgements and key sources of estimation uncertainty

The application of accounting policies requires the use of judgements, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions are recognised in the period in which the estimate is revised if it affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

(e) Going Concern

At balance date, the company had cash assets of \$347,570 and a working capital deficit of \$1,098,273. However, the Company raised \$8,659,533 from a share and option placement pursuant to a prospectus dated 23 February 2022 and supplementary prospectus dated 20 May 2022. The shares and options pursuant to the prospectuses were allotted on 6 July 2022 and the Company listed on ASX on 18 July 2022. The funds raised under the prospectuses will fund the Company's operational costs and exploration costs on the Sarytogan Graphite project acquired on 6 July 2022. The directors recognise that the Company is suitably funded for the foreseeable future but is required to generate funding in the future to enable it to meet ongoing administration and exploration costs and to continue as a going concern. The directors are confident that the recent capital raising has provided sufficient funding to meet its proposed activities and is confident that additional funding can be obtained in future years if required.

(f) Segment reporting

A business segment is identified for a Company of assets and operations engaged in providing products or services that are subject to risks and returns that are different to those of other business segments. A geographical segment is identified when products or services are provided within a particular economic environment subject to risks and returns that are different from those of segments operating in other economic environments.

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors of Sarytogan Graphite Limited.

Sarytogan Graphite Limited

Notes to the Financial Statements

For the Year Ended 30 June 2022

During the year, the Company had minimal activity. Accordingly, no further disclosure is required in the notes to the financial statements.

(g) Foreign Currency Translation

Both the functional and presentation currency of Sarytogan Graphite Limited is Australian dollars.

Transactions in foreign currencies are initially recorded in the functional currency by applying the exchange rates ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance date.

All exchange differences in the financial report are taken to profit or loss with the exception of differences on foreign currency borrowings that provide a hedge against a net investment in a foreign entity. These are taken directly to equity until the disposal of the net investment, at which time they are recognised in profit or loss.

Tax charges and credits attributable to exchange differences on those borrowings are also recognised in equity.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate as at the date of the initial transaction.

Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

The exchange differences arising on the translation are recognised in the foreign currency translation reserve in equity.

On disposal of a foreign entity, the deferred cumulative amount recognised in equity relating to that particular foreign operation is recognised in profit or loss.

(h) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

(i) Sale of goods

Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer and the costs incurred or to be incurred in respect of the transaction can be measured reliably. Risks and rewards of ownership are considered passed to the buyer at the time of delivery of the goods to the customer.

(ii) Interest income

Interest revenue is recognised on a time proportionate basis that takes into account the effective yield on the financial asset.

(iii) Dividends

Dividends are recognised as income at the time of receipt.

(i) Income Tax

The income tax expense or benefit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary difference and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the company's subsidiaries and associates operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the balance date.

Deferred income tax is provided on all temporary differences at the balance date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax liabilities are recognised for all taxable temporary differences except:

Sarytogan Graphite Limited

Notes to the Financial Statements

For the Year Ended 30 June 2022

- when the deferred income tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and that, at the time of the transaction, affects neither accounting profit nor taxable profit or loss; or
- when the taxable temporary difference is associated with investments in subsidiaries, associates or interests in joint ventures, and the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred income tax assets are recognised for all deductible temporary differences, carry-forward of unused tax assets and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry-forward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred income tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; or
- when the deductible temporary difference is associated with investments in subsidiaries, associates or interests in joint ventures, in which case a deferred tax asset is only recognised to the extent that it is probable that the temporary difference will reverse in the foreseeable future and taxable profit will be available against which the temporary difference can be utilised.

The carrying amount of deferred income tax assets is reviewed at each balance date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Unrecognised deferred income tax assets are reassessed at each balance date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance date.

Income taxes relating to items recognised directly in equity are recognised in equity and not in profit or loss.

Deferred tax assets and deferred tax liabilities are offset only if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and liabilities relate to the same taxable entity and the same taxation authority.

(j) Other taxes

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the Statement of Financial Position.

Cash flows are included in the Statement of Cash Flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority are classified as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

Revenues, expenses and assets are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables, which are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the Statement of Financial Position.

Cash flows are included in the Statement of Cash Flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority, are classified as operating cash flows. Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

Sarytogan Graphite Limited

Notes to the Financial Statements

For the Year Ended 30 June 2022

(k) Impairment of assets

The Company assesses at each balance date whether there is an indication that an asset may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Company makes an estimate of the asset's recoverable amount. An asset's recoverable amount is the higher of its fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Company's of assets and the asset's value in use cannot be estimated to be close to its fair value. In such cases the asset is tested for impairment as part of the cash-generating unit to which it belongs. When the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset or cash-generating unit is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Impairment losses relating to continuing operations are recognised in those expense categories consistent with the function of the impaired asset unless the asset is carried at revalued amount (in which case the impairment loss is treated as a revaluation decrease).

An assessment is also made at each balance date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the recoverable amount is estimated. A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in profit or loss unless the asset is carried at revalued amount, in which case the reversal is treated as a revaluation increase. After such a reversal the depreciation charge is adjusted in future periods to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining useful life.

(l) Cash and cash equivalents

Cash comprises cash at bank and in hand. Cash equivalents are short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are shown within borrowings in current liabilities in the Statement of Financial Position.

For the purposes of the Statement of Cash Flows, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts.

(m) Trade and other receivables

Trade receivables are measured on initial recognition at fair value and are subsequently measured at amortised cost using the effective interest rate method, less any allowance for impairment. Trade receivables are generally due for settlement within periods ranging from 15 days to 30 days.

Impairment of trade receivables is continually reviewed and those that are considered to be uncollectible are written off by reducing the carrying amount directly. An allowance account is used when there is objective evidence that the Company will not be able to collect all amounts due according to the original contractual terms. Factors considered by the Company in making this determination include known significant financial difficulties of the debtor, review of financial information and significant delinquency in making contractual payments to the company. The impairment allowance is set equal to the difference between the carrying amount of the receivable and the present value of estimated future cash flows, discounted at the original effective interest rate. Where receivables are short-term discounting is not applied in determining the allowance.

The amount of the impairment loss is recognised in profit or loss within other expenses. When a trade receivable for which an impairment allowance had been recognised becomes uncollectible in a subsequent period, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against other expenses in the Statement of Comprehensive Income.

(n) Financial assets

A financial asset shall be measured at amortised cost if it is held within a business model whose objective is to hold assets in order to collect contractual cash flows which arise on specified dates and that are solely principal and interest.

A debt investment shall be measured at fair value through other comprehensive income if it is held within a business model whose objective is to both hold assets in order to collect contractual cash flows which arise on specified dates that are solely principal and interest as well as selling the asset on the basis of its fair value.

All other financial assets are classified and measured at fair value through profit or loss unless the entity makes an irrevocable election on initial recognition to present gains and losses on equity instruments (that are not held-for-trading or contingent

Sarytogan Graphite Limited

Notes to the Financial Statements

For the Year Ended 30 June 2022

consideration recognised in a business combination) in other comprehensive income ('OCI'). The company has made this election in respect of its equity investments.

Despite these requirements, a financial asset may be irrevocably designated as measured at fair value through profit or loss to reduce the effect of, or eliminate, an accounting mismatch.

For financial liabilities designated at fair value through profit or loss, the standard requires the portion of the change in fair value that relates to the entity's own credit risk to be presented in OCI (unless it would create an accounting mismatch).

New simpler hedge accounting requirements are intended to more closely align the accounting treatment with the risk management activities of the entity.

New impairment requirements use an 'expected credit loss' ('ECL') model to recognise an allowance. Impairment is measured using a 12-month ECL method unless the credit risk on a financial instrument has increased significantly since initial recognition in which case the lifetime ECL method is adopted. For receivables, a simplified approach to measuring expected credit losses using a lifetime expected loss allowance is available.

(o) Derecognition of financial assets and financial liabilities

(i) Financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is derecognised when:

- the rights to receive cash flows from the asset have expired;
- the Company retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a 'pass-through' arrangement; or
- the Company has transferred its rights to receive cash flows from the asset and either:
 - (a) has transferred substantially all the risks and rewards of the asset, or
 - (b) has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On derecognition of an investment in equity instruments which was elected to be classified as FVOCI, the cumulative gain or loss previously accumulated in the revaluation reserve is not reclassified to profit or loss, but may be transferred to accumulated losses/retained earnings.

(ii) Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

(p) Trade and other payables

Trade payables and other payables are carried at amortised cost and represent liabilities for goods and services provided to the Company prior to the end of the financial year that are unpaid and arise when the Company becomes obliged to make future payments in respect of the purchase of these goods and services.

(q) Employee leave benefits

(i) Wages, salaries, annual leave and sick leave

Liabilities for wages and salaries, including non-monetary benefits, annual leave and accumulating sick leave expected to be settled within 12 months of the balance date are recognised in other payables in respect of employees' services up to the balance date. They are measured at the amounts expected to be paid when the liabilities are settled. Liabilities for non-accumulating sick leave are recognised when the leave is taken and are measured at the rates paid or payable.

(ii) Long service leave

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the balance date. Consideration is given to expected future wage and salary levels, experience of employee departures, and period of service. Expected future payments are discounted using market yields at the balance date on national government bonds with terms to maturity and currencies that match, as closely as possible, the estimated future cash outflows.

Sarytogan Graphite Limited

Notes to the Financial Statements

For the Year Ended 30 June 2022

(r) Issued capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds. Incremental costs directly attributable to the issue of new shares or options for the acquisition of a new business are not included in the cost of acquisition as part of the purchase consideration.

2. Financial Instruments

(a) Capital risk management

The Company manages its capital to ensure that it will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

The Company's overall strategy is to progress the development of the Sarytogan Graphite project.

The capital structure of the Company consists of debt, cash and cash equivalents and equity attributable to equity holders of the Company, comprising issued capital, reserves and retained earnings.

The Company is not subject to externally imposed capital requirements.

Operating cash flows are used to maintain and expand operations, as well as to make routine expenditures such as tax, dividends and general administrative outgoings.

Gearing levels are reviewed by the Board on a regular basis in line with its target gearing ratio, the cost of capital and the risks associated with each class of capital.

(b) Categories of financial instruments

	2022 \$	2021 \$
Financial assets		
Sundry receivables	59,678	24,712
Prepaid IPO Costs	406,545	-
Cash and cash equivalents	347,570	82,097
Investments	-	116,413
Loans receivable	1,956,351	-
Financial liabilities		
Trade and other payables	671,682	244,212
Borrowings	833,839	-

(c) Financial risk management

The Company is exposed to market risk (including currency risk, fair value interest rate risk and price risk), credit risk, liquidity risk and cash flow interest rate risk. The Company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Company. Risk management is carried out by the board of directors. The board identifies and evaluates financial risks and also assesses overall risk management.

(d) Market risk

The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates, commodity prices and exchange rates. There has been no change to the Company's exposure to market risks or the manner in which it manages and measures the risk from the previous period.

(i) Foreign exchange risk

The Company undertook transactions denominated in foreign currencies during the current year and certain losses were incurred on foreign currency translation.

(ii) Interest rate risk management

The Company is exposed to interest rate risk on financial assets to the extent that they receive interest on bank deposits. The Company's exposures to interest rate on financial liabilities are detailed in the liquidity risk management section of this note.

Sarytogan Graphite Limited

Notes to the Financial Statements

For the Year Ended 30 June 2022

(iii) Interest rate risk sensitivity analysis

There are no reasonable foreseeable interest rate changes nor impact on receivables or borrowings, with all other variables held constant, which would result in a material change in the loss for the year.

(e) Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company uses publicly available financial information and its own trading record to rate its major customers.

The Company's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties. Credit exposure is controlled by counterparty limits that are reviewed and approved by the risk management committee annually.

The Company does not have any significant credit risk exposure to any single counterparty or any Company of counterparties having similar characteristics. The credit risk on liquid funds and derivative financial instruments is limited because the counterparties are banks with high credit ratings assigned by international credit rating agencies.

The carrying amount of financial assets recorded in the financial statements, net of any allowance for losses, represents the Company's maximum exposure to credit risk without taking account of the value of any collateral obtained.

(f) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, who have built an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The following table details the Company's expected maturity for its financial liabilities. These have been drawn up based on undiscounted contractual maturities of the financial assets including interest that will be earned on those assets except where the Company anticipates that the cash flow will occur in a different period.

	Less than 6 months	6 – 12 months	Total
	\$	\$	\$
At 30 June 2022			
Non-interest bearing	671,682	-	671,682
Interest bearing	833,839	-	833,839
At 30 June 2021			
Non-interest bearing	244,212	-	244,212

(g) Fair value

All financial assets and financial liabilities not measured at fair value on a recurring basis and recognised in the statement of financial position are recognised at amounts that represent a reasonable approximation of fair value.

7. Prepaid exploration and evaluation tenement acquisition costs

	2022	2021
	\$	\$
Consideration for assignment of Term Sheet	328,000	328,000

The Company had entered into an agreement to issue shares to nominees of RM Corporate Finance Pty Ltd (subsequently confirmed as 3,280,000 fully paid shares at \$0.10 each) for the assignment of a Term Sheet by RM Corporate Finance Pty Ltd to the Company which would effect the acquisition of 100% of the issued shares in Ushtogan LLP, the owner of the Sarytogan Graphite Project. These shares were allotted on 2 August 2021 (see Note 13(c)).

Sarytogan Graphite Limited
Notes to the Financial Statements
For the Year Ended 30 June 2022

8. Loan receivable

	2022	2021
	\$	\$
Loan receivable	1,956,351	-

The Company entered into a loan facility agreement with Ushtogan LLP dated 30 June 2021, which was subsequently varied by letters of variation dated 7 September 2021 and 11 March 2022 (together, the Loan Facility Agreement). The material terms and conditions of the Loan Facility Agreement are summarised below:

The facility limit is:

- (a) prior to completion of the ASX listing - the amount of US\$1,500,000; and
- (b) after completion of the ASX listing – the amount of US\$5,000,000.

The repayment date is the earlier of:

- (c) 1 July 2030;
- (d) the receipt of written notice from the Lender in the occurrence of default of the Borrower; or
- (e) the occurrence of a change of control in respect to the Lender, other than in accordance with the Sale and Purchase Agreement.

The loan security is as per the Pledge Agreement (see Note 12).

The rate of interest payable is the Reserve Bank of Australia cash rate plus 4% per annum. Interest on outstanding moneys accrues from day to day and must be calculated on daily balances on the basis of a 365-day year and for the actual number of days elapsed from and including the first day of each interest period to but excluding the last day of each interest period.

Advances must be fully and finally repaid, together with all other outstanding moneys (including interest), on the repayment date.

Recoverability of this loan is dependent upon the Company being able to realise its security under the Pledge Agreement, namely the subsoil use rights under the exploration contract as detailed in Note 12. The Company was successful in completing the acquisition of 100% of the participating interests of Ushtogan LLP (see note 25) post year end and therefore this loan became an intercompany loan that will be eliminated on consolidation in future financial statements.

9. Plant and Equipment

10. Financial Assets

	2022	2021
	\$	\$
Interfone Pte Ltd – at cost	1,315,476	1,315,476
Less: Provision for Impairment	(1,315,476)	(1,315,475)
	-	1
Tribune Resources Ltd	116,412	116,412
Less: sale of Tribune Resources Ltd	(116,412)	
	-	116,413

The financial assets, being shares in ASX listed company Tribune Resources Limited and unlisted foreign company Interfone Pte Ltd (incorporated in Singapore), are classified as fair value through other comprehensive income. The market value of all listed equity investments (Level 1 financial instruments) represents the fair value based on quoted prices on active markets (ASX) as at the reporting date without any deduction for transaction costs. The value of unlisted investment Interfone Pte Ltd, has been impaired to \$1 in prior periods. Interfone Pte Ltd ceased trading in May 2017. The directors believe an estimate of the fair value of this investment as at 30 June 2022 to be Nil. These investments were classified as Level 2 financial instruments.

11. Trade and other payables

	2022	2021
	\$	\$
Other payables	671,682	244,212

12. Borrowings

	2022	2021
	\$	\$
Loans payable	833,839	-

The Company as borrower entered into loan agreements on or about 22 October 2021 with various third-party and related party lenders, which were subsequently varied on or about 2 February 2022 and 30 April 2022 (together, Loan Agreement No.1) and entered into new loan agreements on or about 14 February 2022 which were subsequently varied on or about 30 April 2022 (together, Loan Agreement No.2). The material terms of the Loan Agreements No.1 and No. 2 are as follows:

The aggregate principal amount of the Loan Agreements totalled \$800,000. The balance above represents amounts advanced totalling \$800,000 and capitalised interest payable of \$33,839.

The repayment date is the earlier of:

- (d) 30 September 2022; and
- (e) the date the Company completes an initial public offering and listing on the ASX.

The Company must use amounts drawn under the loan to satisfy working capital requirements and to meet expenditure requirements of Ushtogan LLP. The loans were repaid on 18 July 2022, see note 25.

The loans are unsecured.

Interest is payable on the outstanding balance of the loan at a rate of 8% per annum.

- (f) The borrower may elect to repay the outstanding monies to the lenders in full at any time prior to the repayment date; and
- (g) upon the outstanding monies being repaid by the borrower to the lender in full, the borrower and lender's obligations under the agreement will be at an end.

19. Commitments

(a) Lease commitments

The Company does not have any commitments that require disclosure. (2021: nil)

20. Related party transactions

(a) Key management personnel

Disclosure relating to remuneration of key management personnel are set out in note 17.

(b) Other related parties

The Company entered into a number of transactions during the year with directors and entities related to directors. The transactions have been set out in the prospectus dated 23 February 2022 and the supplementary prospectus dated 20 May 2022 and summarised below.

The Company had entered into an agreement with Ustar LLP to acquire 100% of the shares in Ushtogan LLP. Both Ustar LLP and Ushtogan LLP are entities related to Mr Waldemar Mueller.

The following transactions were entered into by the Company with entities related to Mr James Richardson and Mr Guy Le Page:

1. The issue shares for the assignment of a Term Sheet by RM Corporate Finance Pty Ltd to the Company which would effect the acquisition of 100% of the issued shares in Ushtogan LP, the owner of the Sarytogan Graphite Project.
2. Loan agreements on the terms set out in note 10 being the same terms entered into with non-related parties.
3. Capital raising mandates with RM Capital who received fees in cash and options for services rendered.

Mr Richardson, Mr Le Page and Mr Finklestein received shares in lieu of director fees for services rendered to 30 June 2021. The issue of these shares was approved by shareholders at the AGM on 30 June 2021.

Directors' Declaration For the Year Ended 30 June 2022

1. In the directors' opinion:

- (a) the financial statements and notes set out on pages 18 to 37 are in accordance with the *Corporations Act 2001*, including:
 - (i) complying with Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Regulations 2001*; and
 - (ii) giving a true and fair view of the Company's financial position as at 30 June 2022 and of its performance for the financial year ended on that date; and
- (b) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

2. The notes to the financial statements include a statement of compliance with International Financial Reporting Standards.

This declaration is made in accordance with a resolution of the directors.

Sean Gregory
Managing Director
Perth

INDEPENDENT AUDITOR'S REPORT

To the Members of Sarytogan Graphite Limited

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Sarytogan Graphite Limited ("the Company") which comprises the statement of financial position as at 30 June 2022, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the Company is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Company's financial position as at 30 June 2022 and of its financial performance for the year then ended; and
- (b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* ("the Code") that are relevant to our audit of the financial report in Australia.

We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matter described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our audit addressed the key audit matter
<p>Share-based payments Note 15</p> <p>The Company has various share-based payment arrangements in place in relation to key management personnel and other parties accounted for under AASB 2 <i>Share-based Payment</i>.</p> <p>We considered share-based payments to be a key audit matter as it is material, involves the use of estimation and is important to the users' understanding of the financial statements.</p>	<p>Our procedures included but were not limited to the following:</p> <ul style="list-style-type: none"> - We reviewed the various share-based payment arrangements entered into by the Company during the period to understand the key terms and conditions; - We reviewed management's valuations of share-based payments to ensure these were materially correct and used an established and appropriate methodology; - We reviewed the existence of any vesting conditions and ensured these had been appropriately treated; and - We ensured the disclosure in the financial statements was adequate.

Information Other than the Financial Report and Auditor's Report Thereon

The directors are responsible for the other information. The other information comprises the information included in the Company's annual financial report for the year ended 30 June 2022, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the Remuneration Report included within the Directors' Report for the year ended 30 June 2022.

In our opinion, the Remuneration Report of Sarytogan Graphite Limited for the year ended 30 June 2022 complies with Section 300A of the *Corporations Act 2001*.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with Section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
